VICTOR BERGER SURPRISED

Hopes State Department Will Reconsider Its Order.

Milwaukee, May 24—"If this order of the state department is not reconsidered America will be the only country in the world whose government will not grant any passport to delegates for attending the International Socialist conference in Stockholm," Victor L. Berger, Milwaukee Socialist, delegate to the conference said when informed no passport would be issued to delegates from the United States.
"No separate peace propaganda with Russia is contemplated," Berger declared.

PERSHING OBJECTS TO WAR CORRESPONDENTS.

Washington, May 24—American newspapers and press associations probably will have to depend on the courtesies of the Franco-British governments for representation with "Pershing's 25,000" at the front.
General J. J. Pershing, it became known, is strongly opposed to any American newspapermen going with him or with his forces.

Russia's Rejection of Separate Peace is a Disappointment

(By United Press)
Amsterdam, May 24—The rejection by Russia of separate peace is the most bitter disappointment the German government has experienced since the war began, the German socialist Verwaerts says.
This is the first admission of the failure of the German peace efforts which the censor has permitted to pass.

FLY DANGEROUS AS TIGER.

If a lion or tiger got loose from the circus mothers would take great care that their babies would not be found asleep in the path of these vicious animals. Now, most mothers know that flies bring germs and a great many know that the fly can bring the paralytic germ, and still they leave their helpless infants exposed to these terrible animals. A fly is just as dangerous as a tiger.

WASTE PAPER DEPOT

Opened Today in Fitger Building by Chamber of Commerce Committee on Public Affairs

The community waste paper depot in the Fitger building on Front street was opened today by the Chamber of Commerce committee on public affairs, with John Sparling in charge of the work of baling and listing the paper for shipment.

A considerable quantity of paper in small lots was received, baled and will be stored until the committee decided upon the point of shipment and a car can be secured. Owing to the embargo on waste paper shipments at nearby shipping points it is not probable that the car load will be sent out before the first week in June, and the public will be given due notice. In the meantime, it is urged that all who have small lots of paper bring it to the depot and have it made ready. The depot will be open all day tomorrow.

QUIT MEAT WHEN
KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

PARENT-TEACHERS ARE ORGANIZED

Association Formed in the Second Ward and Officers Elected at Meeting Wednesday

HELD IN THE WHITTIER SCHOOL

Pres. Mrs. R. B. Withington, Vice Pres. Miss Louise Barrett, Sec. Treas. Mrs. M. W. Downie

Last evening in the Whittier school building there assembled a goodly number of the mothers and friends of the children of the second ward to discuss the possibility of organizing a Parents-Teachers association.

Mrs. W. H. Gemmell acted as chairman of the meeting. First those were called upon who had had experience in such an organization.

Mrs. E. A. Colquhoun responded and told of the good work accomplished by the Teachers-Parents association in Moorhead, where interest had been aroused in medical inspection in the schools and that as a result great good had been accomplished in that direction.

Superintendent W. C. Cobb spoke of the influence of the association in S. E. Brainerd, in greatly increasing the spirit of pride and interest in all things pertaining to the school.

Miss Louise Barrett gave a very practical talk upon the things which might be accomplished by such an organization, such as the encouraging of saving among the children, and starting of bank accounts and creating a demand for vacation schools. She made a plea too for acquaintanceship between parents and teachers and for a greater familiarity on the part of the parents with just what the children were expected to accomplish in school.

Mrs. C. D. McKay gave a bright little talk hitting first one phase then another of the subject.

Mrs. W. C. Cobb spoke of how fortunate we were in having the hearty co-operation of the teachers. This was manifested by the presence of every teacher in the Whittier building and their interest was certainly appreciated by those present.

The election of officers resulted as follows: President, Mrs. R. B. Withington; vice president, Miss Louise Barrett; secretary-treasurer, Mrs. M. W. Downie.

It was decided to hold the meetings the second Tuesday of the month, during the school year. After talking over several other matters, the meeting adjourned. Miss Barrett inviting those present to visit the different rooms if they so desired before leaving the building. After the interesting evening spent together all are looking forward with pleasure to the meetings of the coming year.

Frayer-Malmstrom

A pretty home wedding solemnized on the south side Wednesday evening at 8:30 o'clock was that of Miss Rhoda Elizabeth Frayer, daughter of Mr. and Mrs. David L. Frayer, 710 South Broadway, to Gust Malmstrom, son of Mr. and Mrs. Fred Malmstrom of South Long Lake township, Rev. Theodore Clemens officiating in the presence of relatives and close friends.

Walking slowly down the broad stairs and to the parlor where the ceremony was to be held, came first the bridesmaid, Miss Anna Nylund, and the best man, Edward Frayer, brother of the bride.

At the improvised altar under a wedding arch and bell, they awaited the bridegroom and bride, the sweet strains of Lohengrin's wedding march as played by Miss Eleanor Frayer, sister of the bride, accompanying the wedding party to where the principals plighted their troth.

The pretty bride was beautifully gowned in flesh crepe de chine trimmed with messaline ribbon. She wore a bridal veil and a wreath of lilies of the valley crowned her head. She carried a bouquet of bridal roses.

The bridesmaid, Miss Anna Nylund, wore light yellow crepe de chine and chiffon and carried pink and white carnations.

Rev. Clemens read the impressive ring service. After the ceremony a short reception followed. A wedding collation of five courses was served. Assisting in serving were Mrs. Duncan Carbine, Mrs. Axel Gustafson, Miss Beatrice Morrison, Miss Cecil Morrison. The wedding cake was a large fruit cake, and pieces wrapped in tissue paper were given as souvenirs.

The rooms of the house were beautifully decorated with roses, carnations, and ferns. The table decorations were flowers and ferns.

The bride is a most charming and pretty girl, the oldest daughter of Mr. and Mrs. Frayer. She attended Brainerd schools and has studied music, being one of the violinists in the Symphony orchestra. The bridegroom is an employee of the blacksmith shop of the Northern Pacific shops and is well liked by his employers and associates.

The guests included Mr. and Mrs. Fred Malmstrom, Mr. and Mrs. Frank Anderson, Mr. and Mrs. Elmer Dahl, Rev. Theodore Clemens and wife, Mrs. Duncan Carbine, Mr. and Mrs. Axel Gustafson, Harry Finne, Mr. and Mrs. Harry Noakes, Miss Mabel Lindskog, Mr. and Mrs. John Hoffbauer.

The happy couple received a large number of beautiful and expensive wedding presents, cut glass, silver, etc. They left on the midnight train for a wedding trip to Minneapolis, Kokato, Howick and Duluth. They will be at home May 30 at 710 South Broadway.

The Dispatch joins their many friends in wishing them unbounded happiness and prosperity.

Shower for Miss Petersen

Mrs. P. Petersen and Miss Ida Petersen gave a parcel shower in honor of Miss Selma Petersen on Monday evening. The rooms of the home were tastefully decorated in yellow and green and cowslips. Forty guests were present.

After the guest of honor arrived, she was seated in the center of the parlor and Miss Lilly Nelson played Lohengrin's wedding march. First entered little Myrtle Petersen dressed in white and carrying a small white parasol decorated with tiny yellow and green streamers and held this over the bride-to-be. Next entered Eva Petersen and Alice Johnson dressed as bride and groom. The mock bride wore a white embroidery dress and veil and carried a large bouquet of cowslips. The bridegroom wore conventional black. After them came Elsie Schwabe and Vera Chrysler dressed in white, carrying a large basket heaped with parcels.

A dainty two course luncheon was served. Assisting in the serving were the Misses Mamie Peterson, Martha Moe, Tina Larson, Mrs. J. B. Johnson and Mrs. M. Moe.

Are Composers Short Lived?

Many great musicians were afflicted with physical infirmities. Mozart, who lived to the age of only thirty-five, died of consumption. Schumann, who died at the age of forty-six, was for some years before his death confined in an asylum. Beethoven reached the age of fifty-seven, but for many years previous to his death was quite deaf. Mendelssohn died at the age of thirty-six. Schubert at thirty-one. Weber at forty. Chopin at forty. Purcell at thirty-seven and Bellini at thirty-three. There are, of course, a few exceptions. Bach, Haydn and Handel all outlived their threescore years and ten. The latter, however, was for some years totally blind.

Mary Ward, a brilliant American girl, is guest of honor at a farewell ball in Ruritania. This is a country in which the de facto ruler, Marshal Prince Dario, holds sway. His son, Count Dario, is very young and susceptible and he falls sincerely in love with Mary.

He proposes to Mary, who almost accepts him. She tells him if he is in earnest to come to America for her answer. He makes the significant comment that he may be in America sooner than she expects.

With the strongest fighting machine in the world, a depleted treasury and a revolution pending another tax burden, the leaders in the Ruritanian council point to America—peace-loving, rich and unprotected—as the one object of their salvation. A pretext is easily found to precipitate hostilities.

Touring homeward by way of Manila, Mary meets Paul Strong, a virile type of American, as governor of the Philippines just at the moment of the war's outbreak. There is a chance period of courtship afforded them amid the tense panic of the national calamity when they travel on the same vessel to the states, he to take up important duties in connection with the defense, for the enemy has struck.

The full horror of a hopeless conflict marks the first stages of the war. Churches, mills and homes are destroyed and the helpless and homeless are subjected to frightful persecution, while America's untrained soldiers are slain by the thousands.

BRAINERD COM'L. COLLEGE NOTES

(Contributed)

We have received visitors from Pillager and Pine River this week. All who are interested in the work we are doing are welcome at any time, and we shall be glad to show visitors our school and our work whenever they find it convenient to call on us. This is a home institution, and we want you to take a lively interest in its success.

Our Spanish class is progressing famously. Some, who are especially interested, are taking extra instruction in private lessons.

Miss Edna Mahlum, one of our students, is now employed by the M. & I. R. R. in the auditor's office. This employment is giving her some valuable experience, and she likes the position very much.

A number from the high school have decided to take up work with us in our summer courses. This is indeed time well spent. We hope to be able to work with the city schools in every way possible for the advancement of the young people. The two institutions, working in conjunction, can accomplish much here in Brainerd.

Walter Northrup is taking up our evening work in shorthand.

S. V. English has enrolled for special instruction along advanced business lines. Mr. English finds that good training is very necessary for success in business.

Miss Gladys Birnath, one of our students from Pillager, has been kept out of school by abscesses forming in her ear. The trouble has been stopped and she is again back in her classes.

At the Best Today

Life in a logging camp in the deep woods of the great northwest is shown in "The Promise," the Metro-Yorke production starring Harold Lockwood and May Allison, which will be seen at the Best theatre tonight. "The Promise" is a five-part picture of James B. Hendryx's novel of the same name, adapted for the screen by Richard V. Spencer.

Every detail of the activities of a lumber camp is depicted, from the hewing down of the great trees to the final floating of them down river, and the log jams that endanger the lives of the hardy "river-drivers." Harold Lockwood, as Bill Carmody, enters with zest into this work.

Contrasted with this are scenes of metropolitan gaiety, glimpses of Broadway life in which Carmody fig-

ures before his regeneration. A college football game is one great feature of the production. May Allison as Ethel Manton, Carmody's fiancée, heads the contingent of pretty football "fans."

The picture version of "The Promise," containing variety of interest as well as absorbing scenes, is bound to add to the ever-growing popularity of those screen favorites, Mr. Lockwood and Miss Allison.

For Miss Selma Petersen
The Misses Selma, Emily and Mary Anderson entertained at a parcel shower for Miss Selma Petersen on Tuesday evening.

The rooms were decorated in red, white and blue and tiny flags. A dainty lunch was served. There were fifteen girls present.

Hill-Hill
Sanford Hill of Virginia, Minn., and Miss Jennie Hill of Brainerd were married at 8 o'clock Wednesday evening at the parsonage of the Bethlehem Lutheran church, Rev. M. L. Hostager officiating.

The bride and her bridesmaid, Miss Maude Hill, were attired in white. Matt Hill was the best man. The English Lutheran service was read by the pastor. The bridegroom is the owner of a barber shop in Virginia and the bride is a charming young girl of this city. They will make their home in Virginia.

The Dispatch joins their many friends in wishing them unbounded happiness and prosperity.

PRACTICAL HEALTH HINTS.

Sore Throat.
The most frequent cause of distress or discomfort in the throat is exposure to cold and wet. Other conditions cause sore throat, such as exposure to infection. It may be of a gouty or rheumatic origin. It may be excited by local irritants, such as hot drinks or the inhalation of noxious gases.

In mild cases of sore throat a gargle of a saturated solution of boric acid, used every four hours, will give relief. In severe cases the application to the neck of cloths wrung out of cold water proves grateful. Sucking small bits of ice affords much relief.

Internal treatment is needed. For this a seditif powder is very useful or a dose of salts upon rising in the morning. If, however, there is any fever or the tonsils are red and swollen or show tiny yellow or white spots on their surface, send as soon as possible for a physician.

SPORT SILKS.

Points About the Gorgeous New Designs Just Out.

Brilliance of coloring and surprising combinations characterize the new sport silks which have just arrived in the big stores.

Plaids, stripes and spots of various sizes and great diversity of shapes are found among these silks, and the vivid, oftentimes startling color schemes are most interesting. The comparatively few plain varieties are supposed to be chiefly for evening wear, although even these may be used in combination, the coat of one color and the skirt of another for street wear. In fact, they are not supposed to appear alone for the evening, but to be used in pairs at least, according to the latest rumors of spring fashions.

Heavy shantung pongees seem to be lending in favor, with georgette crapes and satins following closely after. All of them have the great advantage this year of being woven on broad looms, which, of course, spells both ease and economy for the dressmaker.

Robin's egg blue is scheduled as a leader on this spring's color calendar, and a highly successful season is expected for it. Some of the combinations in which it is destined to play a part are certainly surprising, to put it mildly. They do not sound exactly attractive in words, perhaps; but, contrary to all expectations, they really do look well when put together properly.

"Be careful never to throw them at each other," warns an expert. Then he proceeds to gather up handfuls of soft satin, the robin's egg blue in one hand and violet in the other. After the first start of surprise one realizes, as he twists them deftly together, that they really do harmonize after all, that the effect is beautiful. Another of the new combinations he shows is robin's egg blue and brass, far less startling than the first and quite pleasing. Chartruse georgette crape also and this same robin's egg blue combine very well indeed, and the effect is particularly pleasing for evening wear.

Worms Handicap Your Child

Worms drain the strength and vitality of children, making them dull and listless. Their power to resist more serious diseases is reduced and energy and interest in play is lacking. Kickapoo Worm Killer is a mildly laxative remedy in candy tablet form that children like to take. It kills and removes the worms and lets your child grow strong and healthy like other children. In some ways the Liberty Bonds are better than cash—they are in much the same class as United States government banknotes—are almost as liquid as a checking account at your bank—and pay you $3\frac{1}{2}$ per cent interest.

No investment can be safer and none is so easily convertible. You can get your money at any time almost as easily as you can withdraw it from your bank, and the privilege to convert into higher rate bonds gives you absolute protection of income.

The poultry producers will be much interested in this matter and as many of them are not informed that such a provision is now a law it will come as a pleasing surprise. CHAMBER COMMERCE HAS A MEETING

In Absence of President and Vice President, Mayor R. A. Beise Acted as Chairman

REPORTS ON CONVENTIONS

Railway Companies Claim Proposed Increase in Freight Rates is Justifiable

The Chamber of Commerce held its regular meeting Wednesday evening and in the absence of president and vice president, Mayor R. A. Beise presided.

F. H. Simpson, vice president of the Citizens State bank, reported on his visit in St. Paul and attendance at the banquet given to honor Secretary McAdoo, where the latter made an impressive speech in behalf of the Liberty Bonds.

On June 18 there will be a public hearing before the State Railroad & Warehouse commission regarding the proposed increases in freight tariffs. Data was presented at the Chamber of Commerce meeting in which the Northern Pacific people maintained their claims for an increase were justifiable. It was turned over to the railway committee to be considered.

The Chamber voted to pay half the expenses of County Agent E. A. Colquhoun who was at St. Paul in attendance at the dairymen's state association committee meeting. The state convention will be held in Brainerd next June.

The agricultural committee reported on progress in preparing for the dairymen's convention. The Ransford hotel will be official headquarters. The banquet will be served there at 8 in the evening of the convention. Programs will be in the hands of the printer early this week. H. W. Linnemann is the chairman of the convention committee.

To H. L. Jones, chairman of city officers committee, was referred the matter of the reported finding of the remains of a body in the hotel fire, near Front and Fifth street. H. L. Jones is chairman of this committee. These resolutions were adopted:

Whereas: This nation is facing a serious crisis as a direct result of the war with Germany and the loyal support of every citizen is needed in order to aid in carrying the common burden and,

Whereas: A call for practical patriotism in the subscription to what is known as The Patriotic Liberty Loan has been made and other cities are responding, generously to the same and,

Whereas: A certain quota is expected from Brainerd and from Crow Wing county as their part in assuming the purchase of Liberty Loan Bonds, therefore,

Be It Resolved: That the Brainerd Chamber of Commerce, recognize the importance of prompt and decisive action, that it endorses the Liberty Loan movement and gives its moral support to the same and recommends to all citizens the consideration of the nation's situation at this time and the Liberty Loan plan as outlined, and further;

Be It Resolved: That it recognizes with pride the splendid work already accomplished by leaders in our state in their efforts to bring the Liberty Loan movement to the attention of our people.

That we appreciate and commend the work undertaken by the Crow Wing County Bankers association along this line and their efforts to aid the residents of this city and county in doing their individual part in the movement; and further,

Be It Resolved: That we commend the bankers of this city and others who assisted in making it possible for citizens to have so ably presented, a summary and explanation of the government's plan and the Liberty Loan Bonding issue as was given by Mr. Joseph Chapman, Jr., of Minneapolis, at the Chamber of Commerce rooms on Monday, May 21 and further, that the Brainerd Chamber of Commerce extends its thanks to Mr. Chapman for his splendid address on that occasion.

1ST MINNESOTA RECRUITING HERE

A recruiting office of the 1st Minnesota Infantry has been opened at the military camp at N. P. bridge. Those wishing to enlist will apply between the hours of 8 a. m. to 8 p. m. They will be given a preliminary examination and then sent to Fort Snelling, Minnesota.

The 1st Minnesota Infantry was mustered into the service of the United States early in July, 1916. It is still in the service, doing guard duty at present. This is the regiment that the late Major General Fredrick Funston said was kept on the border because of its numerical strength and efficiency. It was the first Minnesota unit called for guard duty. The regimental headquarters are at Fort Snelling. Col. E. D. Luce is the regimental commander.

A detachment of this regiment is now stationed in Brainerd.

ARRAIGNED THIS MORNING

Aftermath of Police Court Raid at National Hotel in Municipal Court Today

Mrs. May Cole, charged with keeping a house of ill fame, was arraigned in municipal court this morning and her trial set for Saturday morning at 10 o'clock. The woman was arrested with others in the raid made on the National hotel at midnight by the police. Mrs. Cole was formerly of Bemidji.

Of the two young men arrested at the time, Harold Breason and Arthur Bundy, of Brainerd, charged with disorderly conduct, were fined \$25 or 15 days at hard labor this morning.

The police are looking up further evidence and other convictions may result.

BRAINERD'S ODDEST STORIES OF TODAY

It was at a charity party, popularly termed a "shivaree" in Brainerd. The tin can orchestra was operating, screens were rattled, things upset and a call had been sent in for the sheriff. In the mean time the wedding guests could not stand the noise and quietly dumped some water down from an upstairs window. John D. Gile steamed over to disperse the merry makers around the house and as luck would have it, got in line with the operations from the second story and got a lot of water plump on the top of his head. He went home.

"Here I was to Seattle and back and never got my name in the Dispatch," said a pretty south side matron.

"Then I went two blocks from home to a wedding and got mentioned," she concluded.

Save and sacrifice and get a Liberty Bond. All the economies you will effect and the sacrifices you may endure in small households in Brainerd will not be anything when compared with the sacrifices by the boys at the front. Every family in Brainerd will have to buy Liberty Bonds to attain the \$200,000 quota set for Brainerd, and that, by the way, is the minimum expected from the city. The county is expected to buy at least \$400,000 worth.

John A. McColl is exhibiting a shell containing some 15 or more "nigger toes," just as they grow and ripen in tropic woods. The shell has the appearance of a large brown tomato, one end bearing the stem and the other a small hole through which the nigger toes, rattling like peas in a pod, can plainly be seen.

DISSOLUTION OF PARTNERSHIP

By mutual consent of the within named parties the partnership of Cochran & Hebert, engaged in the barbering business is hereby dissolved, the said John A. Cochran remaining in the business in the basement of the First National bank building, and that the said Cochran shall pay all indebtedness and shall collect all accounts due the said firm and give receipt therefor.

WORK RUSHED TO COMPLETION

New Methodist Church Building Will be in Readiness for the Dedication June 10th

BUILDING HANDSOME CHURCH

Planned to Hold 5 Services on June 10 in Connection With the Dedication Exercises

The work on the new Methodist church is being rushed to completion, and the building committee are planning to have everything in readiness for the dedication of this beautiful new edifice, June 10th.

Bishop Charles Bayard Mitchell, who laid the corner-stone and made such a splendid address on that occasion is to be here; also, Dr. W. C. Hodgson, the new District Superintendent of the Duluth district. Several former pastors are expected besides others who will assist in the dedication services.

It is planned to hold five services on June 10th. At the 10 o'clock service Bishop Mitchell will preach and close with the dedicatory service.

At 2:30 p. m. will occur a Sunday school rally closing with the dedication of the Sunday school rooms. At 4 o'clock there will be a union platform service, at which time fraternal greetings will be exchanged with the other denominations of the city.

At 7 o'clock, Dr. Hodgson, the new district superintendent, will deliver the address of the hour and will dedicate the Epworth League department of the church.

At 8 o'clock, it is expected that Dr. Mitchell will deliver the sermon of the evening. The general public is cordially invited to each and all of these services.

PAVING MEETING

Property Owners Along North Side Streets Affected Meet at the Chamber of Commerce

Property owners of north side sections to be paved, met in mass meeting at the Chamber of Commerce rooms Wednesday evening, with Alderman Fremont Turcotte of the first ward presiding. It was decided by a majority vote of those interested in paving to proceed with the paving.

But one bid had been submitted, that of E. A. Dahl of Duluth, who bid \$1.68 per square yard on North Eighth, \$1.69 for Seventh and Bluff, \$1.70 per yard for Holly street work. The council at the Thursday evening meeting will decide whether to allow the contract at the above figures, have the city do its own work or to advertise for new bids.

MAXWELLS IN ECONOMY TEST

Two Cars at Brainerd Entered in the Big International Demonstration of the Company

THE MILEAGE MADE 25.6 MILES

Used Car and Stock Car Make the Trip on Country Roads Using Gallon Gasoline Each

Two Maxwell touring cars, one a stock car of W. E. Lively, district agent of the Maxwell company, and the other a car belonging to A. G. Schnell, were the local cars entered in the big international gasoline economy demonstration held Wednesday, May 23. The aim of the company was to show the Maxwell a champion in the economical use of gasoline.

Money prizes to a total of \$5,000 are to be awarded dealers by the company, together with a gold and silver economy championship cup.

The two Maxwells were measured out their rations at the Dispatch office and supplied with a gallon of Red Crown gasoline and lubricated with Polarine oil.

In the car of A. G. Schnell rode the owner, Al Peterson chauffeur, R. M. Sheets and E. L. Mooney. The route used was over city and country roads and 25.6 miles were reeled off on the gallon.

The stock car from the salesrooms was driven by W. E. Lively and also carried Patrolman Albert Scott, W. E. Erickson and H. C. Chance, the latter a special representative of the Dispatch. Their car made 20.1 miles. Some trouble encountered cut down the mileage of the stock car below that of the Schnell car.

Each car carried a gallon can strapped to the side of its wind shield. A stiff wind was blowing. The roads were in good shape. All were highly pleased with the test and believe the Brainerd mileage will not be among the low marks.

See Your Figure Improve Each Day

It only requires one minute and a half each morning to correctly adjust your Gossard Corset. But in this brief period of time you improve your figure, and as the days go by you see a transformation.

Gossard Corsets lace in front; they originated the idea 15 years ago, and today front-lacing dominates the world of corsetry. The laced-in-front principle makes it possible for you to see the lacing in your mirror, while you adjust your corset, and also makes possible the correction of any figure imperfections which have developed because of improper corseting.

In the minute and a half allotted to putting on your corset each morning, you can start each day with the assurance that you are going to be comfortable and in perfect style.

Ideal Short Heavy Figures

The s naller-waist silhouette, with it perfectly flat back and s ugly confined hips, can be readily attained in the special Gossards designed for the short heavy woman.

These models lengthen the short waist and support the flesh at the back so it always rests in the corset.

The well developed bust adjusts itself in the corset so it is never raised, and the figure retains its symmetry of line whether standing or sitting.

There is a Gossard for every figure type. Whether you are tall or short, heavy or slender, there are many models specially designed for your figure at \$2.00, \$3.50, \$5.00, \$6.50, \$8.50, \$10.00 and up to \$25.00.

Be fitted today by a corsetiere trained in the Gossard method of fitting.

Healthy Skin

DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a 50c. package of Anuric, the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. Anuric will help you, because it flushes the kidneys of impurities. You will find it 37 times more active than Uria. Dissolves uric acid as water does sugar.

BRITISH NAVAL MEN CONFIDENT

Declare German Submarine Campaign Has Failed.

BROAD SMILE AT ADMIRALTY

Teutonic Authorities, Through Early Months of Ruthless U-Boat Warfare, Freely Predicted Great Britain Would Be Brought to Her Knees by June 1.

London, May 24.—The British admiralty wears a broad smile at mention of the submarine warfare. America joins in the smile.

The German naval chiefs, through the early months of ruthless U-boat warfare, freely predicted England would be brought to her knees by June 1.

That date is almost here and German victory through the submarine warfare seems as distant as ever.

Hence the British admiralty's smile. Announcement of the weekly sinkings by the admiralty, which showed eighteen merchant vessels of more than 1,500 tons each, nine under 1,500 tons and three fishing vessels were sunk, added to about the same number for the previous week, proves the German submarine is not having the easy time the German people have been led to think.

American Work Is Praised.

The American destroyer unit, although small, shares credit for excellent work against the U-boats in co-operation with the allied navies.

"The American destroyers are playing no small part in the anti-submarine war and our officers have expressed the greatest enthusiasm at the spirit, enterprise, acumen and quick wit with which the American unit has taken up its work. It is the old American doctrine of keeping everlastingly at it," an admiralty statement says.

"The Germans, who at first said they would strip us of our tonnage by June 1, have now advanced the date to October and was confident that when October comes they will be under the same necessity of advancing the date again."

Not only are the sinkings being kept at a fairly low figure, but the offensive against submarines also continues to show favorable results. The actual figures in this respect, however, are not known.

FOR SERVICE IN FRANCE

New York Is Organizing Regiment of Heavy Artillery.

New York, May 24.—A regiment of heavy artillery is being organized for service in France with the New York national guard, in accordance with the war department orders to Major General John P. O'Ryan. The New York division also is to have five additional machine gun companies.

As registration day draws near recruiting officers report an increase in the number of applicants.

Mayor Mitchell has appointed six registration boards for New York city, which will supervise the registration of all men in the city June 5 between the ages of twenty-one and thirty years. These boards are expected to co-operate with the state military census committee, appointed by Governor Whitman, which will take a military census of the state's resources. The state census will include everybody, male and female, between the ages of fifteen and fifty.

INCREASES HIS FOUNDATION

John D. Rockefeller Gives on Additional \$25,000,000.

New York, May 24.—A new donation by John D. Rockefeller of \$25,000,000 to the endowment of the Rockefeller foundation was announced by Dr. George E. Vincent, former president of the University of Minnesota, who assumed the presidency of the foundation at a meeting of the board of directors. The new gift increases the resources of the foundation to \$125,765,000.

The directors decided to set aside \$10,000,000 for war purposes, to be appropriated from time to time as the need arises.

Dr. Vincent indicated the foundation has adopted a new policy, providing for the expenditure of the bulk of its great income in Red Cross and other war relief work, in addition to making the special appropriation of \$10,000,000.

Some Higher, None Lower.

"Mary, New York seems to be an awful town in which to buy groceries. Aren't there any stores where they sell things lower than the others do?"

"No, mum. I don't know of any. There's some stores where they sell em higher than the others, but they ain't none where they sell 'em lower."

RUSSIA'S PART IN STARTING THE WAR

First to Strike, It Would Be Curious if She Quit First.

A LITTLE HISTORY OF 1914

Entangling Alliances Did Much to Bring on the War, and Many of Our People Want to Emerge With None and Maintain Monroe Doctrine—Senators Warn of Exaggeration.

By ARTHUR W. DUNN.

Washington, May 24.—[Special.]—The attitude of Russia, which has given the allies so much concern, calls to mind the important part which Russia played in bringing on the war.

After the assassination of the crown prince of Austria that country prepared to attack Serbia. Russia prepared to defend the little Slavic country, and Germany began mobilization to back up Austria.

France as the ally of Russia began to prepare for war, and in a little while Belgium, England and later Italy were drawn into the struggle.

Would it not be strange if Russia, after playing such an important part in bringing on the war, should drop out of it?

"Entangling Alliances."

George Washington warned against entangling alliances. He referred to America. If the European countries could have avoided entangling alliances war might have been averted. The entente and the triple alliance were both menaces to the peace of Europe long before the war broke out.

One fear of the entrance of the United States into the great struggle is that we may come out with "entangling alliances" and possibly the loss of our Monroe doctrine.

Stop the Hysteria.

"The situation is bad enough; but, for heaven's sake, do not make it any worse by exaggeration." Both Senator Lewis of Illinois and Senator Reed of Missouri gave voice to that idea in speeches protesting against the hysteria that prevails about possible starvation in this country.

They said that all that was necessary was to use common sense in the conservation of food and not reach out and buy every time that there was a report of a shortage.

Teddy Puts in the Pep.

Congressman Ragsdale of South Carolina, a man who is quite apt to vote his convictions, is one of those who voted to give Roosevelt an opportunity to go to France to fight.

"Teddy puts pep in things," said Ragsdale. "He is an ex-president of the United States and for that reason will stand well in Europe. He has had a certain amount of military experience, but the most important fact of all is that he will interest the whole country in the war. At present our people have not shown much interest."

Simmons Apologized.

When the little room of the senate finance committee was crowded to such an extent with American publishers that even a member of the committee could scarcely squeeze in and out Chairman Simmons apologized, explaining that the large room for such hearings in the senate office building was so far away that senators could not get to the senate in time to vote on many of the important measures and amendments considered.

At that time the espionage bill was up, and nearly every senator wanted to vote on every proposition in it.

Senator Simmons was quite struck with the formidable showing of the publishers who appeared in large number to protest against the heavy increase in their postal rates.

Would "Twist Their Necks."

Speaking of the publishers—and there were representatives of daily papers, weekly papers, trade papers, agricultural papers, farm papers, periodicals of all kinds and many others present—Senator Warren of Wyoming in a somewhat jocular manner remarked that he would like to "twist their necks" not only in regard to second class increase mail, but also the censorship.

Senator Warren is not a candidate for re-election.

Overworking "Overwhelmed."

Senator Lewis of Illinois started to say the other day that he was "overwhelmed with telegrams and letters," but he discarded the word, asserting that he had been in receipt of many hundreds of protests against a certain proposition. It has been the custom of most men to assert that they have been "overwhelmed" when they get a lot of letters and telegrams on any particular subject.

Kitchen Picked Up \$90,000,000.

A man who was protesting against the war tax upon his particular lines of goods and activities mentioned to Chairman Kitchin of the ways and means committee a number of articles that might well be taxed and produce revenue.

"I am glad you came in," said Kitchin. "Your suggestions have been most helpful. Since we started to prepare this bill various suggestions such as you have made have enabled me to pick up \$90,000,000 in revenue that I might have overlooked."

And that is what the man who tried to "put it on the other fellow" accomplished.

PATRIOTISM DUE FOR AWAKENING

Many Do Not Fully Realize Why We Are Fighting.

LIBERTY IS THE PRINCIPLE

Of Course Everybody Wants Allies to Win, but Few Are Willing That Their Sons and Brothers Go to the Rear Rank as Mere Privates—Sacrifices Must Be Made.

By ARTHUR W. DUNN.

Washington, May 24.—[Special.]—It seems apparent that there is a need of more patriotism in the conduct of the present war. It has become evident that many people do not want their sons and relatives to go to war, particularly if they must go as privates in the rear rank and take their chances in the hit and miss campaigns which always follow indiscriminate fighting.

As yet our people cannot be made to understand that they are fighting for anything in particular. It is hard to make them believe that there is a mighty principle at stake. A great many people believe what President Wilson said in his famous address to the senate, pleading for universal peace, in which he declared for "peace without victory." At that time the president said we did not have an adequate knowledge of what the other nations engaged in the war were fighting for.

We Want to Win.

Of course our people once engaged in war want to win. They want success to perch upon the banners of the United States and those countries which are allied with them. So far as they can they are extending every aid to the nations engaged in war, and there are thousands of people who want to see the American flag on the fields of France and Belgium backed by the valor which American troops have displayed from 1776 down to the present time.

Probably it is not until our country has known grievous losses will it enter into the spirit of the war which has been devastating Europe for nearly three years.

That Extra Money.

It takes something like \$1,200,000,000 to defray the expenses of the country at the present time. The war revenue bill has attempted to raise \$1,800,000,000. The former tax was felt by the people, but the additional tax is something that assumes the proportions of a great burden. Our people are required to pay \$3,000,000,000 in taxation. They do not know what \$3,000,000,000 is, but they will learn something about it when the tax collector comes around.

Tax Dodgers.

In connection with raising revenue it is asserted that many very big concerns will not pay taxes under the proposed new law, but that they will get out from under and avoid the payments by various practices. Perhaps the law will be strengthened so as to prevent anything of this kind before it finally becomes operative.

Fight on Secretary Lansing.

There was much ado about the order of Secretary Lansing to the effect that information in the state department should not be given out except by himself or by the bureau of information which has been established in that department. There were quite a number of inflammatory articles published in regard to the secretary of state, and yet if everybody would hark back for a few years they would recall that President Roosevelt issued and signed an order prohibiting information to be given out in any department except by the head of the department. Taft reiterated the order, and it is still in force. Secretary Lansing is simply re-promulgating an order of long standing.

The Best Senators.

The best senators in the United States are those who remain on the job all the time. The senators who watch everything and who submit to the bodesome long winded speeches that are inflicted in their body turn out in the end to be the best senators. Men who spend their time in the cloak-rooms or in their committee rooms cannot keep a firm grasp on public affairs.

Interested in the Revenue Bill.

Washington is full of people who are interested in the revenue bill. Most of them came here to protest against the rates which have been imposed, and many said that would be driven out of business if the law was passed in the form that it was reported from the ways and means committee.

Giving Kahn and Gardner Credit.

Speaker Clark in the course of his speech against conscription said that Congressman Julius Kahn of California was the "head and front of this thing" and added:

"It reminds me of the knight of an Englishman—Kneel, Julius; rise up, Sir Julius. I want to say in all seriousness that if this conscription bill is to be put on the American people there are two men in this house who deserve more credit for it than any other two men on top of the ground. One is the gentleman from California (Mr. Kahn), and the other is the gentleman from Massachusetts (Mr. Gardner). I am in favor of giving the devil his due."

SICK WIFE'S STORY SURPRISES BRAINERD

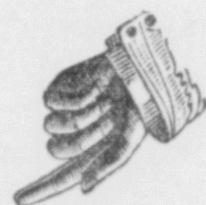

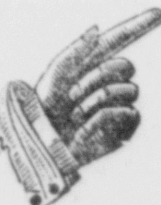

CHARACTER.

The first thing that a human being should recognize about himself is that his character is his distinguishing feature. It is not the amount of money, the amount of power, the amount of brains, that a man has, but his character, that indelibly stamps him.

The following has surprised Brainerd: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-I-ka relieved her INSTANTLY. Because Adler-I-ka empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.
